

STOP THE SPREAD

WASH YOUR HANDS FREQUENTLY

Regularly and thoroughly clean your hands with soap and water or alcohol-based hand sanitizer.

**MAINTAIN
DISTANCING FROM OTHERS**
Respect personal space and maintain distance between yourself and others whenever possible, especially if anyone is coughing or sneezing.

AVOID TOUCHING EYES, NOSE AND MOUTH

Hands touch many surfaces and can pick up viruses. Once contaminated, hands can transfer the virus to your eyes, nose or mouth.

WEAR A MASK INDOORS & DO YOUR DAILY HEALTH CHECK

Wear a mask to protect yourself and others. Stay home if you feel unwell. If you have a fever, cough, chills, loss of smell, and/or difficulty breathing, seek medical guidance or call 8-1-1
